PREPHARMACY PROGRAM

SUGGESTED PLAN FOR PURDUE UNIVERSITY COLLEGE OF PHARMACY AT INDIANA UNIVERSITY BLOOMINGTON

Indiana University does not grant a degree in pharmacy. You may complete all of your prepharmacy requirements on this campus. This plan of study is specifically designed for those students who expect to apply for admission to the Purdue University College of Pharmacy.

General Chemistry	CHEM-C 117 and 127 and CHEM-N 330 ¹
Organic Chemistry	CHEM-C 341, 342, and 343
Biology	BIOL-L 112, 113, and 211
Microbiology	BIOL-M 250 and 315 or BIOL-M 380 and 315
Anatomy and Physiology	ANAT-A 215 ² and PHSL-P 215 ³
Calculus	MATH-M 119 and 120 ⁴
Composition	ENG-W 131
Communications	COLL-P 155
Physics	PHYS-P 201 or 221
Economics	ECON-E 201 or 202
Biochemistry	CHEM-C 383 or CHEM-C 483
Immunology	BIOL-L 321
Statistics	STAT-S 300 or 303

¹CHEM-C 118 may be substituted for CHEM-N 330.

²ANAT-A 464 may be substituted for ANAT-A 215.

³BIOL-P 451 may be substituted for PHSL-P 215.

⁴MATH-M 211 taken alone will not fulfill the calculus requirement.

Students who take MATH-M 211 will need to take an additional semester of calculus (MATH-M 212 or 120).

A cumulative total of 60 credit hours (which may include Advanced Placement or departmental test credit) is required to meet admission requirements.

Please consult the publication *Pharmacy School Admission Requirements*, available at <http://www.aacp.org/resources/student/pharmacyforyou/admissions/admissionrequirements/Pages/default.aspx> or in the Health Professions and Prelaw Center, for information on the requirements for other schools.

Please note: Students should be aware that some health professions programs will not accept Advanced Placement credit or credit-by-examination towards meeting admission requirements, or accept such credit only under restricted circumstances. Students should also be aware that receiving an exemption from a degree requirement is not generally considered equivalent to Advanced Placement credit, credit-by-examination, or credit from coursework.

APPLICATION PROCESS

1. Before applying for admission to Purdue University College of Pharmacy, you should contact one of the academic advisors in the Office of Student Services (765) 496-6885 or pharmacy-oss@purdue.edu for current, accurate information. The representative from Purdue University College of Pharmacy usually visits the Health Professions and Prelaw Center in the fall. We encourage you to meet with him in order to learn more about the most current admission standards and processes.
2. An application must be submitted to the Pharmacy College Application Service (PharmCAS) at the following address: <http://www.pharmcas.org>. Note the deadline of December 1 for Purdue. A supplemental application for Purdue also needs to be submitted by December 1. A more detailed explanation will be found at: <https://www.pharmacy.purdue.edu/future-students/admissions/pharm-d>.
3. Admission requires more than good grades and it is vital, to be successful, that you become a thoughtful, well-prepared applicant. You need to have shadowed professionals generously, developed your skills interacting with people, considered involvement in the community or on campus, and considered alternative professions. The average GPA of recently admitted classes has been approximately 3.50.
4. The Purdue University College of Pharmacy considers the following when choosing from those who apply for admission:
 - a. cumulative grade point average for all coursework taken after high school, with particular attention to pre-pharmacy core science courses
 - b. previous work experience and leadership experience
 - c. volunteer service experience
 - d. two letters of recommendation (required)
 - e. writing, verbal, and interpersonal abilities
 - f. initiative to learn about pharmacy career paths
 - g. the results of a personal interview

Please check the Health Professions and Prelaw Center website at <http://www.hpplc.indiana.edu> for additional information, notices of upcoming meetings, campus visitations, and other items of interest.

This document has been prepared for Indiana University - Bloomington students by the Health Professions and Prelaw Center. Please note that specific requirements and policies can change at any time without notice. Students are responsible for obtaining the most current information directly from the application services, schools, and programs in which they have an interest.

This document has been prepared with the cooperation of the Purdue University College of Pharmacy advising office. The information contained in this document is subject to change as a result of action by federal and/or state governments, the trustees of Purdue University, the administration of Purdue University, and the faculty of the College of Pharmacy.
